## *In this lesson, we will learn...*

1. To edit the video project combining:
  1. audio resources,
  2. video resources,
  3. logos,
  4. subtitles,
  5. effects and transitions.

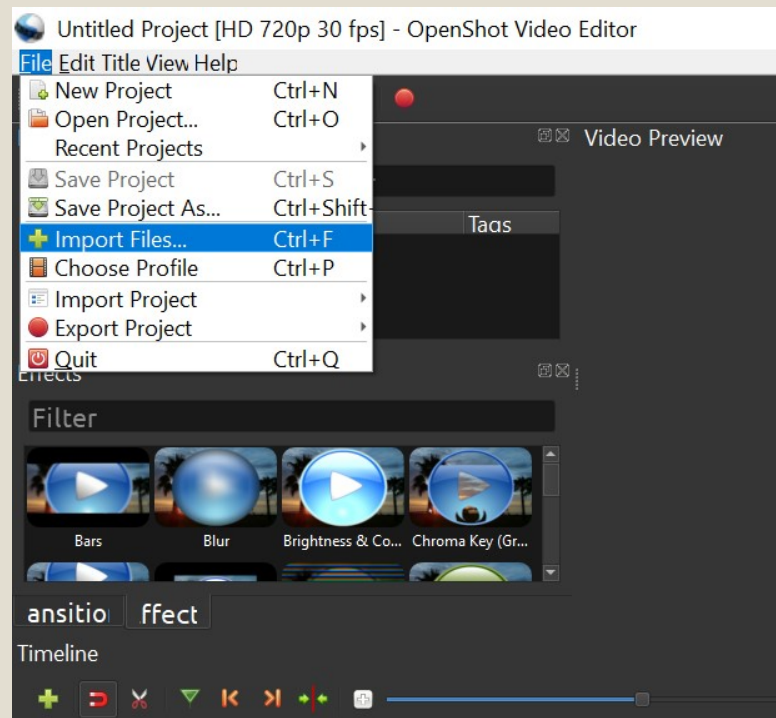

# 1.- First steps to edition

Select all your video and audio files to include them in the project.

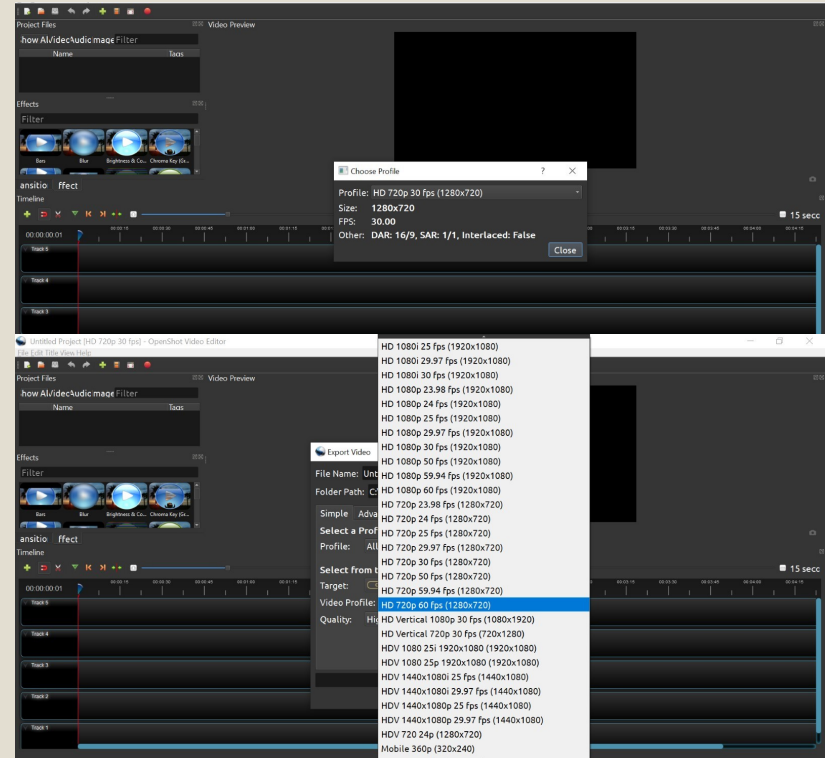

## “Import File”

# 1.- First steps to edition

Select the resolution and the FPS you are using in your timeline, e.g. HD 720p 30 fps (1280x720)

“Choose Profile”

## 2.- Move all your resources to the time line

“Drag & Drop”

For example, use:  
Track 1: videos  
Track 2: voice-over  
Track 3: ambient sound  
Track 4: music  
Track 5: O-City logos  
Track 6: subtitles

# 3.- Adding subtitles
