

HERITAGE PROPOSAL

Module II

Course
Photo-video
concept

Topic 2
Sound and
Script

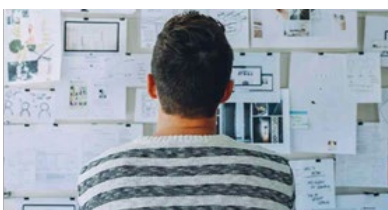

Lesson 1

Activity

- **Short Description:** Complete the O-City file with the information obtained in the written script. Describes in the file the information necessary to propose a heritage element on the O-City platform and that is validated by specialists. After reviewing the information requested by the O-City platform, they must propose a patrimonial reality through the same platform. Look for the O-City file, read it carefully and check what kind of information we are asked to include. Complete the file with the appropriate information.
- **Methodology:** Inductive learning.
- **Duration:** 2 hours
- **Difficulty (high - medium - low):** Low
- **Individual / Team:** Team
- **Classroom / House:** House
- **What do we need to do this activity?**
 - **Hardware:** Laptop
 - **Software:** Web browser
 - **Other resources:** Paper and pen

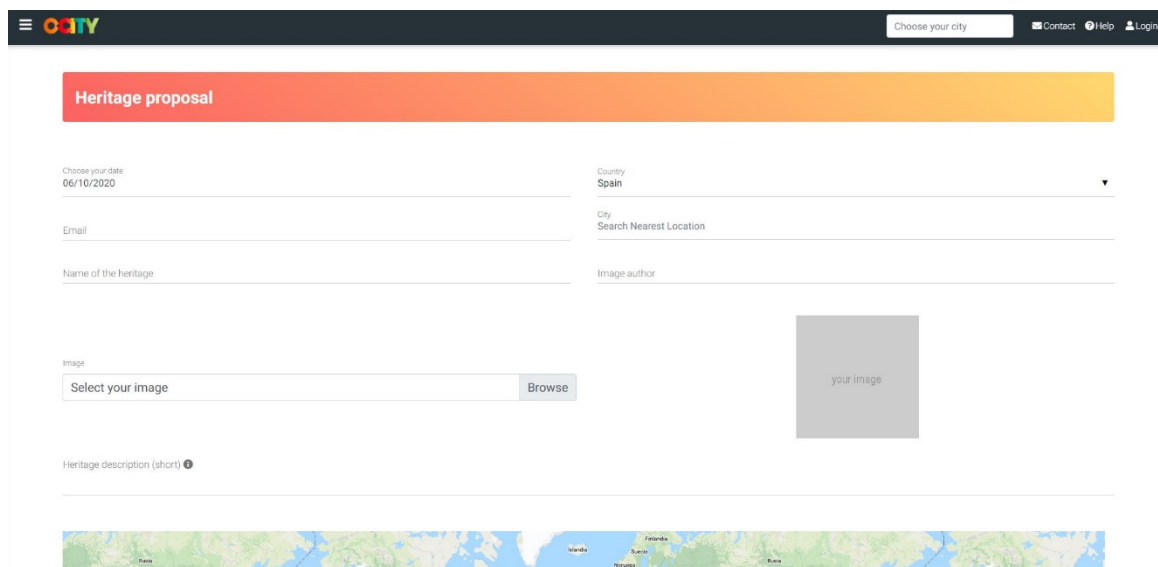

Description

- **Text description:** This activity has the double objective of knowing the O-City platform on the one hand and, on the other, proposing a heritage element to be evaluated and being able, in this way, to carry out and

upload an associated audiovisual project. Once we have written the short review of our cultural/natural element, we have to complete the O-City file. After reading the file, we complete it with the information we have found about our heritage element.

- **Illustration:**

Instructions

1. Learn how to complete an online file
2. Complete the O-City file with the information in our script
3. Register on the o-city.org page and obtain a username and password
4. Complete the information requested in the section: Heritage Proposal.

Expected outcomes

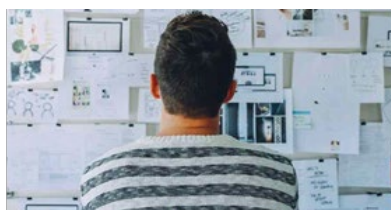

- Learn more about the O-City project
- Knowing how to propose a heritage asset to the O-City world

This activity can be used in other (module, course, topic, lesson):

- Module II, Course Video, Topic Cultural and Natural Heritage, Lesson 1

DIGICOMP (Competences developed): *Managing data, information and digital content; Engaging in citizenship through digital technologies*

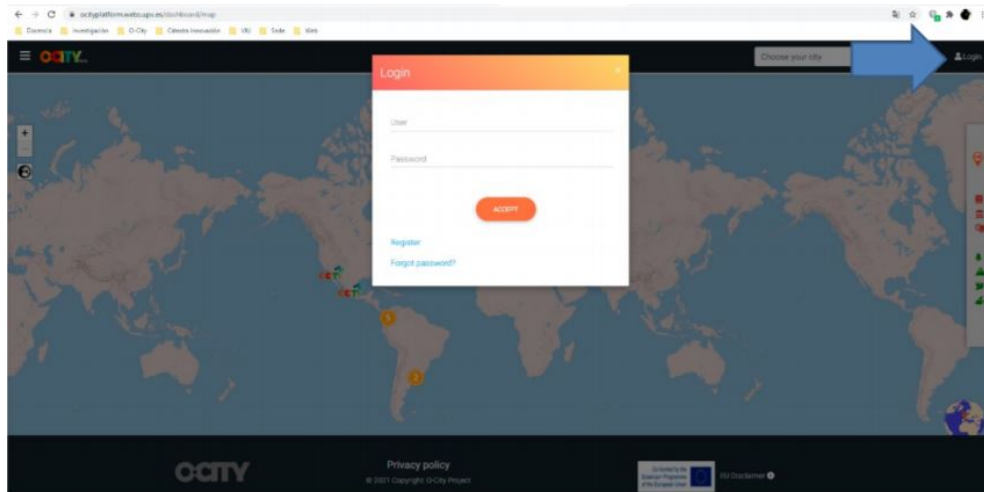

ENTRECOMP (Competences developed): *Valuing ideas, Learning through experience*

Example:

HERITAGE PROPOSAL

Register on the O-City project website (<https://o-city.org>) and obtain a username and password.

Then, you must enter and propose your cultural or natural asset in just 3 steps:

- ✓ Name of the asset
- ✓ Short description
- ✓ Image

A screenshot of the "Heritage proposal" form on the O-City website. The form has a white background with a red-to-orange gradient header. It includes several input fields: "Choose your date" (with "08/06/2020" selected), "Country" (with "Spain" selected), "Email", "Name of the heritage", "Heritage description (short)", and "Image" (with "Select your image" and a "Browse" button). A "City" field with "Search Nearest Location" is also present. Three blue arrows point to the "Name of the heritage", "Heritage description (short)", and "Image" fields. A grey box labeled "your image" is shown to the right of the image field.
