

Module II. Technical

Photo-
video
concept
course

Topic 2. Sound and
Script

Lesson 3. Sound recording
in situ, tips to eliminate
outside noise

Co-funded by the
Erasmus+ Programme
of the European Union

In this lesson, we will learn...

how we should record the external sound with the best possible quality for the final audiovisual content.

3 *recommendations before you start*

1. *Before recording, think about what you want to tell and in what way.*
2. *While we record, try not to be too loud around you.*
3. *After recording, edit the audio using the software we recommend.*

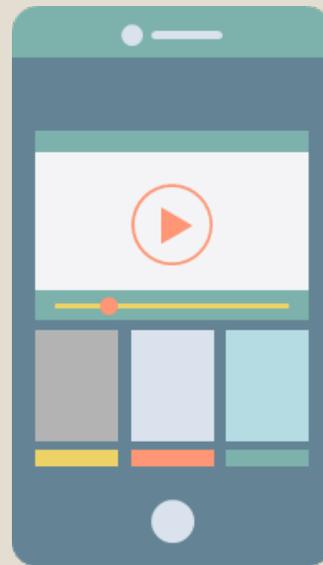

1

BEFORE RECORDING

First of all, remember the script you wrote

It is important to read short sentences, to avoid mistakes and make it easier to edit the recording later.

INSPIRE

EXPIRE

BREATHE

Controlling the
breath will
prevent
annoying
noises from
appearing in the
recording that
then we must
remove with
editing

2

WHILE WE RECORD

When recording outdoors, we face a series of challenges that simply don't exist indoors or are minimal.

Wind, in all its forms, can be very damaging to sound recording. However, there are many ways to reduce wind noise when recording outdoors.

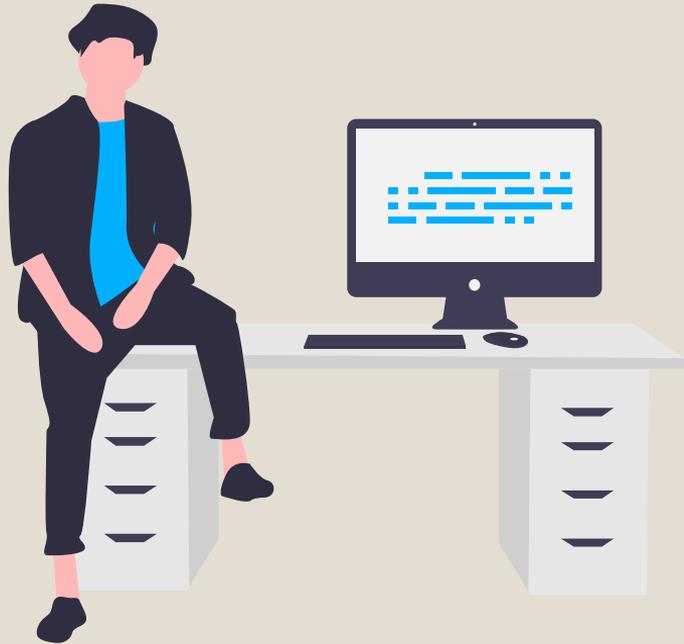

There are many different ways to attenuate annoying wind noise when recording outdoors.

- ✓ THINK ABOUT PLACEMENT
- ✓ HIDE THE MICROPHONE
- ✓ USE PHYSICAL WIND PROTECTOR FOR THE MICROPHONE
- ✓ EQUALIZE DURING POST PRODUCTION

3

AFTER RECORDING

What are the best tools to record voice and edit on mobile?

- ✓ Voice Record Pro
- ✓ QuickVoice
- ✓ Audacity

Voice Record Pro

Voice Record Pro 4+

Full Featured Audio Recorder

Dayana Networks Ltd

★★★★★ 4.7, 9.4K Ratings

Free - Offers In-App Purchases

QuickVoice® Recorder 4+

nFinity Inc

★★★★★ 4.4, 5 valoraciones

Gratis - Ofrece compras dentro de la app

QuickVoice

Audacity

Free, open source,
cross-platform
audio software

Audacity is an easy-to-use, multi-track audio editor and recorder for Windows, macOS, GNU/Linux and other operating systems.

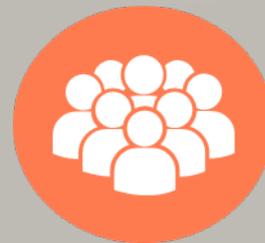

Developed by a group of volunteers as open source.

- Conclusions

*If we manage to record the audio correctly in the field trip,
we will get a high quality final audiovisual product that
manages to transmit the concepts incorporated in the script*

If we show, we sensitize ...
If we sensitize, we
protect!
