

# IMAGE SERIES EDITING

Module II

Course  
Photo-video  
concept

Topic 3  
Edition

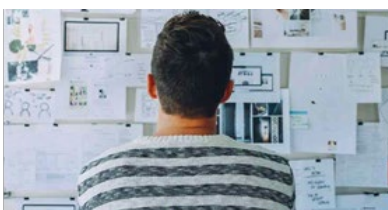

Lesson 1

## Activity

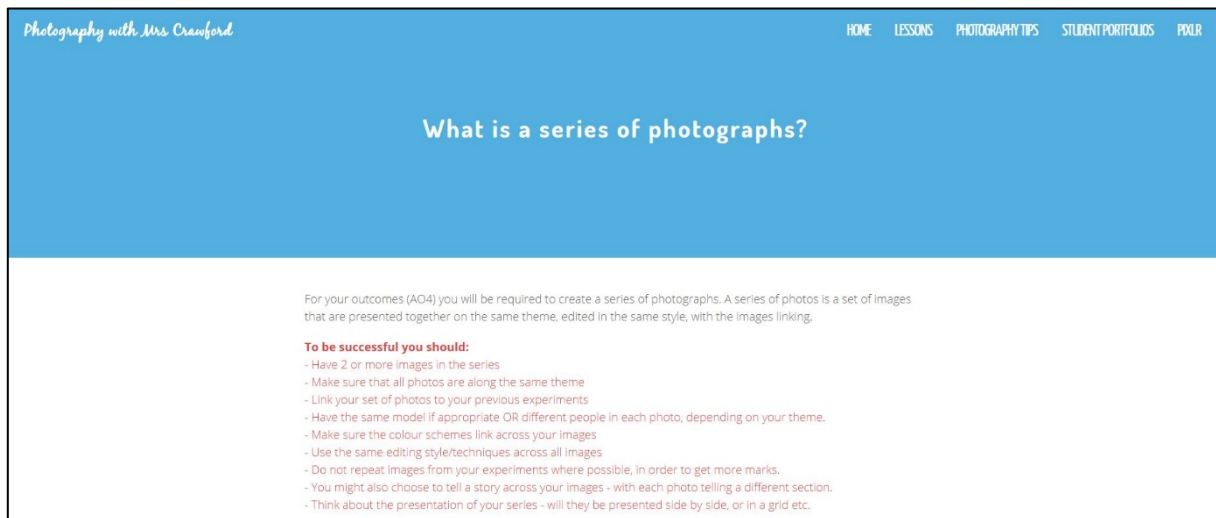

- **Short Description:** In this activity, students will edit photos of a cultural or natural heritage element and generate a series that can be exported to an audiovisual project. They will have to look at all the pictures taken of the cultural/natural element selected, and edit the pictures chosen that portray the image we want to project. In this way, students will create a series of photographs.
- **Methodology:** Inductive learning.
- **Duration:** 4 hours
- **Difficulty (high - medium - low):** Medium
- **Individual / Team:** Team
- **Classroom / House:** House
- **What do we need to do this activity?**
  - **Hardware:** Notebook, Photo Camera or Mobile Phone
  - **Software:**
    1. GIMP (<https://www.gimp.org/>)
  - **Other resources:** Pen and paper.

## Description

- **Text description:** During the edition of the photos chosen from all the photos we had made of the heritage asset, we have to make sure that we choose a series of photographs that convey the message we want to transmit in our final outcome. This series of pictures can be exported to an audiovisual project.

### Instructions

1. Edit the photos
2. Choose the photos to create a series
3. Make sure the series conveys a message that they tell a story

### Expected outcomes

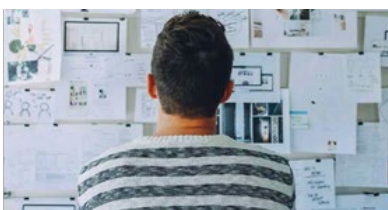

- Learn how to tell a story with a series of photographs

### This activity can be used in other (module, course, topic, lesson):

- **Module II, Course Video, Topic Edition, Lesson 1**

**DIGICOMP (Competences developed):** *Integrating and re-elaborating digital content; Creatively using digital technologies.*

**ENTRECOMP (Competences developed):** *Planning and management; Learning through experience.*

Example:

Photography with Mrs Crawford

*For your outcomes you will be required to create a series of photographs. A series of photos is a set of images that are presented together on the same theme, edited in the same style, with the images linking.*
