

PRESENT AND EXPLAIN THE WORK DONE

Module II

Course
Photo-video
concept

Topic 3
Edition

Lesson 4

Activity

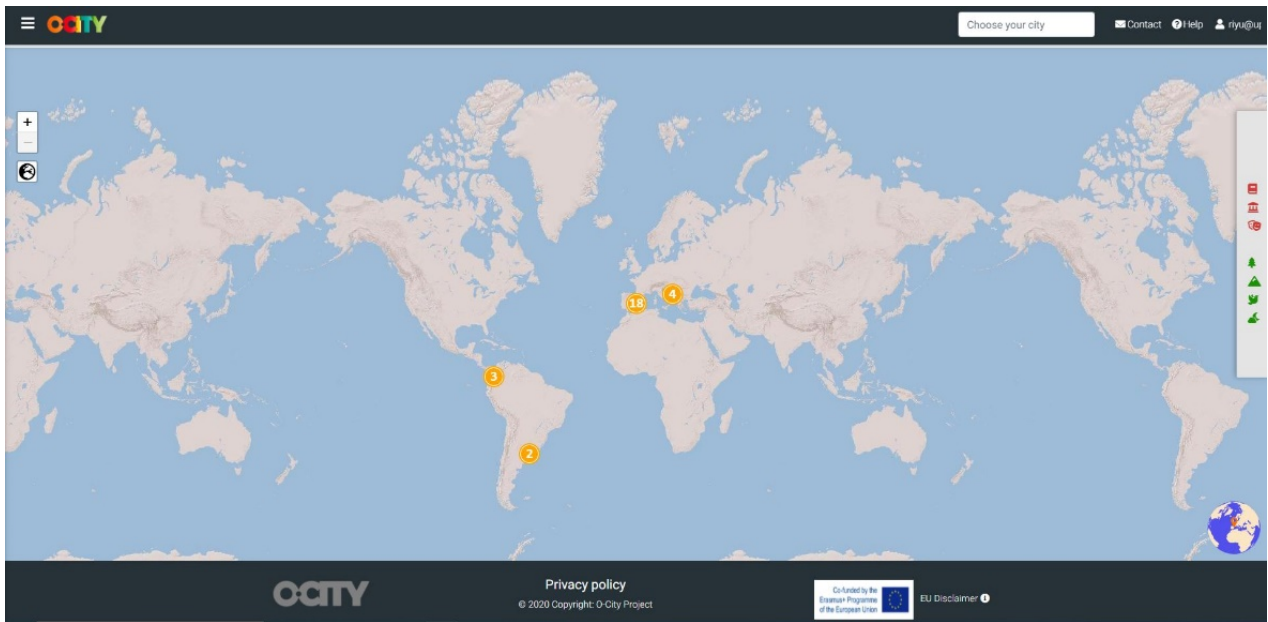

- **Short Description:** In this activity, students will prepare a public presentation of the audiovisual developed in the classroom. Student should also explain the process of its generation. After the exhibition, the students will vote to choose the best multimedia. This activity represents a didactic methodology in contest format so that the groups that have made audiovisual multimedia content can present it and share their experience.
- **Methodology:** Learning by discussion or debate / Gamification.
- **Duration:** 4 hours
- **Difficulty (high - medium - low):** Low
- **Individual / Team:** Team.
- **Classroom / House:** Classroom.
- **What do we need to do this activity?**
 - **Hardware:** Laptop
 - **Software:** Web Browser
 - **Other resources:** Good headphones or speakers are recommended

Description

- **Text description:** Students will show their audiovisual project, previously uploaded on the O-City Platform, to present their experience. This activity is strongly recommended to motivate the students and to see the work done by everybody in the classroom. All audiovisuals are evaluated by the students and there is a final “winner” (gamification)

- **Illustration:**

<https://ocityplatform.webs.upv.es/dashboard/map>

Instructions

1. Upload the videos to the city and corresponding heritage asset on the O-City Platform using the previously assigned username and password.
2. Organize a day of presentations by the students, establishing a maximum time for the exhibition
3. Subsequently assess the students' work

Expected outcomes

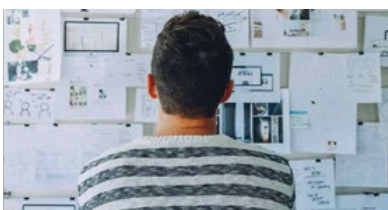

- In this activity it is possible to develop a new speaking capacity.
- The competition will motivate and stimulate them to carry out quality audiovisual works

This activity can be used in other (module, course, topic, lesson):

- **Module II, Course Video, Topic Edition, Lesson 2**

DIGICOMP (Competences developed): *Sharing through digital technologies; Creatively using digital technologies.*

ENTRECOMP (Competences developed): *Taking the initiative; Working with others.*
