

Module I. Heritage and Intellectual Property

Intellectual Property Course

Topic 2. Legal framework for O-City

Activity T2.L2.1. Workshop: Classification of IP according to the WIPO

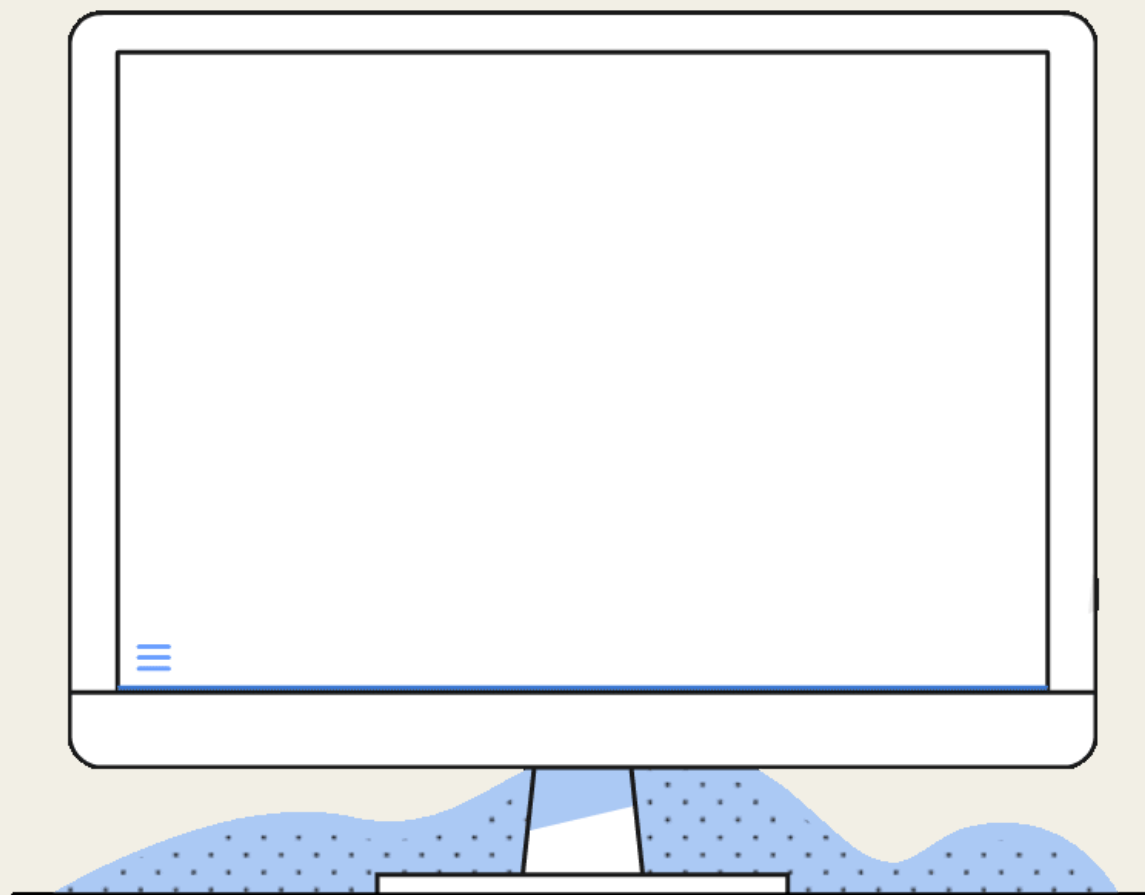

Co-funded by the
Erasmus+ Programme
of the European Union

Classification of the intellectual property - WIPO

Teachers will explain to students the classification of intellectual property according to the World Intellectual Property Organization - WIPO.

Activities will be related to intellectual property and the different regions of the world.

Activity 1- Discovering the types of intellectual property in the global framework.

**The Intellectual Property Map:
Use any graphic tool to obtain a map of the globe - Example: EZ Map, GIS, Gmaps- and identify the important and differentiating elements of certain geographical points with examples of their legislation on intellectual property.**

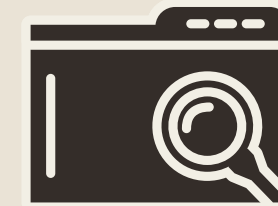

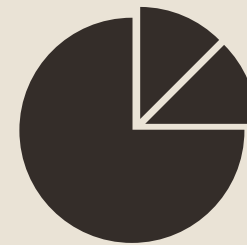

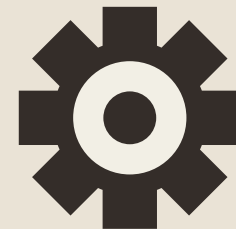

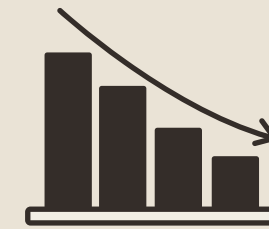

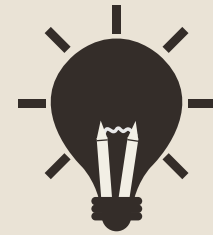

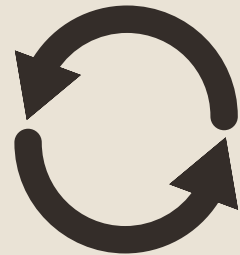

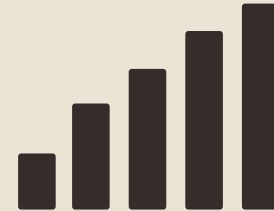

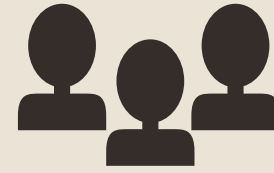

Activity 2- Exemplifying the types of intellectual property.

Investigate with the Intellectual Property Legislative entity in your country, at least FOUR intellectual property registrations that have been produced in the last two years and fill in a table that will be provided.

Upon the completion of this topic, learners will be able to...

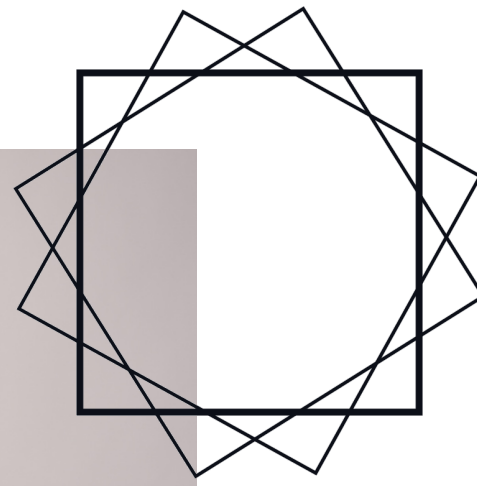

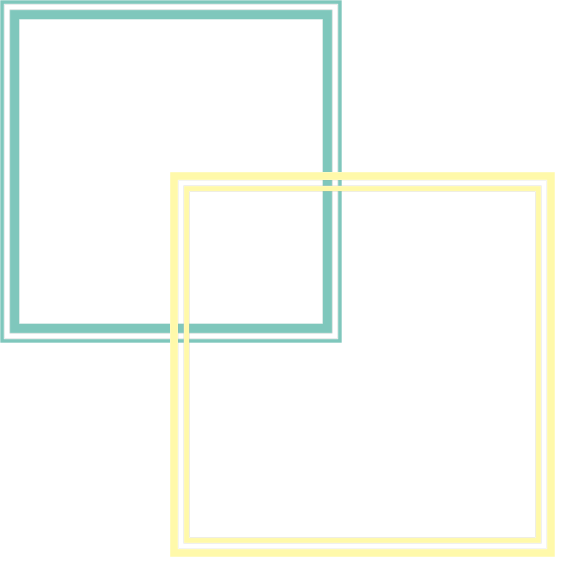

The image features a background of crumpled, light-brown paper. On the left side, there is a white rectangular border containing a solid black rectangle. To the right of this border, there is a piece of white paper with a grid pattern, which has been torn and placed over the crumpled paper. The text is written in a dark blue, sans-serif font on this white piece of paper.

-Recognize the current legal framework for the registration of intellectual property of the products that are designed for the O-City Platform.

Learning the legal framework of intellectual property is necessary in order to register multimedia on the O-City platform.
