more

- Methodology: fulfilling a test and sharing results.
- Duration: 1 hour.
- Difficulty (high - medium - low): low
- Individual / Team: Individual + panel session
- Classroom / House: Classroom
- What do we need to do this activity?:
  - Internet access to [www.mycreativetype.com](http://www.mycreativetype.com)
  - Flipchart or blackboard to share results

# Identifying your own creative type

The Creative Types test is an exploration of the many facets of the creative personality.

Based on psychology research, the test assesses your basic habits and tendencies—how you think, how you act, how you see the world—to help you better understand who you are as a creative.

Answer these 15 questions and you'll gain a deeper understanding of your motivations, plus insight into how to maximize your natural gifts and face your challenges.

# Identifying your own creative type

Students will take the survey individually and then share the results in a session.

Students of the same creative type could meet in small groups and share their interest in different ways or multimedia tools to describe cultural heritage.

They will be more open to explore and discover common ideas.

A final session with all the group could highlight the differences and commonalities and open the mind to other types of ideas.

## **INSTRUCTIONS:**

**STEP 1 – Fulfil the test [www.mycreativetype.com](http://www.mycreativetype.com) 10'**

**STEP 2 – Panel session to share results. 30'**

**STEP 3 – Conclusions 20'**

## EXPECTED OUTCOMES:

- Identification of the creative type of each student.  
Enhancing engagement between similar students
